Disclaimer: These rates and benefits are pending approval by the California Department of Insurance and can change. If they change, we will update this information.

This is a brief description of the Student Health Plan. The plan is available for University of California, Berkeley students and their eligible dependents. The plan is insured by Aetna Life Insurance Company (Aetna). The exact provisions, including definitions, governing this insurance are contained in the Certificate issued to you and may be viewed online at <https://www.aetnastudenthealth.com>. If there is a difference between this Plan Summary and the Certificate, the Certificate will control.

UNIVERSITY HEALTH SERVICES

University Health Services (UHS) at the Tang Center is a comprehensive outpatient health center that provides on campus medical, behavioral health, and preventive care. UHS is staffed by board-certified physicians and nurse practitioners, licensed behavioral health clinicians, and fully credentialed support staff, who are all experts in student health needs. All registered students may use the services of UHS, regardless of their medical insurance.

Visit the UHS website at <https://uhs.berkeley.edu> or call **(510) 642-2000** for more information on hours of operation, available services and fees. Counseling and Psychological Services can be reached at **(510) 642-9494**.

- In the event of an emergency, go to the nearest hospital emergency department or call 911 (on-campus or off-campus) if an ambulance is needed. The closest hospital emergency room to campus is Alta Bates Hospital, 2450 Ashby Avenue (east of Telegraph Avenue).
- When UHS is open: Visit Urgent Care at the Tang Center.
- When UHS is closed: Access the 24/7 NurseLine by calling **(510) 643-7197** or use CVS Virtual Care® by visiting <https://www.cvs.com/virtual-care> to register and schedule an appointment

RECIPROCAL SERVICES FOR UNIVERSITY OF CALIFORNIA STUDENT HEALTH CENTERS

The Student Health Center (SHC) at each University of California campus gladly offers reciprocal access to its student health centers to currently registered students from all other UC campuses under the same conditions that apply to its students not enrolled in its campus Student Health Insurance Plan (SHIP).

Students enrolled in their home campus SHIP may receive special discounts, benefits, or services at their home campus student health center that are funded by that campus; these unique benefits may not be available at another UC campus.

For UC Berkeley students visiting other UC student health centers:

- Registered UC Berkeley students may be seen at other UC campuses in the same status as they are registered at UC Berkeley. Each campus operates its student health center differently to best meet the needs of students in their area.
- UC Berkeley students will have to pay for medical care at other UC student health centers and submit to Aetna to be reimbursed.
- UC Berkeley students should bring their student ID card and a form of billing payment.

Please note: The Berkeley SHIP annual deductible will be waived for covered services provided by other UC student health centers.

ELIGIBILITY

Mandatory Enrollments

The following students will automatically be enrolled in this Plan and the premium will be added to their registration fees unless an approved online Waiver Application has been received by the University by the specified waiver deadline dates.

All registered domestic and international undergraduate and graduate students at the University of California Berkeley including students who are registered In-Absentia. Note: Students may waive enrollment in the Plan during the specified waiver period by meeting the University's waiver policies and providing proof of other coverage. A waiver is effective for one academic year and must be completed and approved again during the waiver period prior to the fall term of the academic year. Waiver requests for each academic term within a year are also available. Information about waiving enrollment in the Plan may be obtained from the Student Health Insurance Plan Office at: uhs.berkeley.edu/insurance-ship/waiving-ship.

Fall waiver applications are completed during the summer for the upcoming academic year. The fall semester waiver will be valid for the full academic year. A student who waives Berkeley SHIP for the fall semester will not be required to complete another waiver for the spring semester. However, a spring waiver is available for students registering for the first time in the spring, or who did not waive enrollment for the fall semester. A spring semester waiver is valid for the remainder of the academic year. A new waiver must be completed and approved during the fall waiver period prior to each academic year that the eligible student is registered. UC Berkeley will audit waiver submissions and has sole discretion on determining whether a plan meets the waiver criteria at any given time.

Voluntary Enrollments

The following classes of students may enroll in UC Berkeley SHIP on a voluntary basis for a maximum of one semester if the student was covered by SHIP in the term immediately preceding the term student wants to enroll.

- All non-registered "Filing Fee" status graduate students at the University of California Berkeley who are completing work under the auspices of UC Berkeley but are not attending classes.
- All non-registered University of California Berkeley undergraduate students who are recovering from academic probation or in their final semester of study completing degree requirements through University of California Berkeley Extension's Concurrent Enrollment Program.

To be an Insured Person under the Plan, the student must have paid the required premium and his/her name, student ID number and date of birth must have been included in the declaration made by UC Berkeley or AHP to Aetna.

Mandatory and Voluntary Enrollments

Any student who cancels enrollment or withdraws from UC Berkeley prior to the first day of instruction for the period for which he or she is enrolled shall not be covered under the insurance plan. Starting July 1, 2026, if a student graduates, takes a leave of absence, or is no longer enrolled in classes, they may request to terminate their student health insurance coverage during the policy year. The request must be made to the SHIP Office at least 30 days before the desired termination date. Once confirmed, coverage will be terminated within the same calendar month if feasible, but no later than the last day of the following month. When a student

chooses to terminate coverage under these circumstances, they are only responsible for premium payments up to the termination date. If a premium was paid in full for a semester term, the member will receive a pro rata refund for the period they are not covered. The University or AHP is responsible for refunding students for any period they are not covered, in accordance with applicable state law. For additional information, please go to uhs.berkeley.edu/ship.

Aetna maintains the right to investigate student eligibility status and attendance records to verify that the Plan's eligibility requirements have been met. If and whenever Aetna discovers the eligibility requirements have not been met, the only obligation is a refund of premium less any claims paid.

Registered students who involuntarily lose coverage under another health insurance plan are also eligible to purchase the Student Health Insurance Plan. These students must provide UC Berkeley with proof they have lost insurance through another health insurance plan (certificate and letter of ineligibility) within **60 days** of the qualifying event. The effective date of your coverage will be the later of the following dates: (1) the Policy effective date; (2) the day after the date for which you lose your coverage providing premium for your coverage has been paid; (3) the date UC Berkeley's term of coverage begins; or (4) the date you become a member of an eligible class of persons. Premium will be prorated.

Medical Leave of Absence and Pregnancy Leave

A student withdrawing due to a University approved pregnancy leave or medical leave due to a Sickness or Injury may be eligible to continue coverage under the Plan for himself/herself and his or her previously insured dependents for one semester with the payment of any required premium. To be eligible, the student must have been enrolled in the UC Berkeley SHIP the semester immediately preceding the semester for which he or she is withdrawing due to a pregnancy leave, Sickness or Injury. For additional information, please go to uhs.berkeley.edu/ship or contact the Berkeley SHIP Office at **(510) 642-5700** or ship@berkeley.edu.

Dependent Eligibility

Dependent enrollment in this plan is voluntary. Eligible students, including those who enroll in the Plan on a voluntary basis, may also enroll their eligible dependents. Dependents may only be enrolled at the time of the student's enrollment in the Plan; or within **60 days** of qualifying life event.

Eligible dependents are the insured student's lawful spouse, or domestic partner who resides with the insured student, and the insured student's, the spouse's, or the domestic partner's dependent biological or adopted child or stepchild under 26 years of age. To enroll your domestic partner, a Declaration of Domestic Partnership issued by the State of California is necessary.

A "Newborn" will be covered from the moment of birth for medically necessary health care services for an initial period of **31 days** OR until the insured student's coverage terminates, if earlier. Coverage of a newborn may be continued beyond this initial 31-day period by notifying the SHIP Office **within 31 days** from the date of birth and by payment of any additional premium. All newborn children should be reported to the Berkeley SHIP Office at ship@berkeley.edu or **510 642-5700**.

Dependents must be enrolled for the same term of coverage for which the insured student is enrolled. Dependent coverage expires concurrently with that of the insured student and dependents must re-enroll when coverage terminates to maintain coverage.

Coverage Dates

Coverage for all insured students and eligible dependents will become effective at 12:01 AM on the Coverage Start Date indicated below and will terminate at 11:59 PM on the Coverage End Date indicated. Coverage for insured dependents terminates in accordance with the Termination Provisions described in the Certificate of Coverage.

Medicare Eligibility Notice

If you are enrolled with Medicare and this Plan, Medicare will act as your primary insurance and all medical expenses should be submitted to Medicare first.

In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

Precertification

You need pre-approval from us for some covered services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify when required, there will be up to a \$500 penalty for each type of covered service that was not precertified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to www.aetna.com.

Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. You, your physician or the facility must call us within these timelines:

Non-emergency admissions	Call at least 14 days before the date you are scheduled to be admitted.
Emergency admission	Call within 48 hours or as soon as reasonably possible after you have been admitted.
Urgent admission	Call before you are scheduled to be admitted.
Outpatient non-emergency medical services	Call at least 14 days before the care is provided, or the treatment is scheduled

An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 60 days as long as you remain enrolled in the plan.

Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to <https://www.aetnastudenthealth.com>.

This Plan will pay benefits in accordance with any applicable **California** Insurance Law(s).

Covered services received for the treatment of cervical pre-cancer, primary cardiovascular hypertension, or diabetes mellitus are not subject to the policy year deductible, coinsurance, or copayments when covered services are provided by an in-network provider. Outpatient prescription drugs for these services when obtained from University Health Services (UHS) Pharmacy will not be subject to the policy year deductible, coinsurance, or copayments. This does not apply to an underlying condition causing hypertension or other outpatient prescription drugs, unless otherwise described within this schedule of benefits. All other policy provisions will apply.
